Biografie

Billie Jordan, is the Founder of the Hip Operation Crew, a hip hop dance crew of members aged 65 to 96 years old. Billie established the crew, after experiencing repeated trauma, to ignite the potential of the senior citizens in her neighbourhood. Through leadership, changing mindsets and perseverance Billie got her crew to the World Hip Hop Championships and into the Guinness Book of World Records! Billie was awarded a Queens Honour in 2016 and was New Zealand Woman of the Year in 2016/2017. She is the star of an award winning feature documentary film which has screened in cinemas all over the world, and now Hollywood plan on making her story into a block buster movie!
