Biografie

Hans van Grieken is the EMEA Technology Research & Insights Leader within Deloitte's global Technology programme. Hans is an engaging, powerful and extremely energetic and passionate keynote and corporate speaker with a broad experience across the world. Since 2000 he has delivered more than 800 keynotes at conferences and in boardrooms worldwide on the topic of Digital Disruption and Digital Transformation.

He addressed audiences in a total of 20 different industry sectors ranging from Retail to Financial Services, from the Leisure Industry to Manufacturing, from Tax & Customs to Public Security and Defence. Given his deep technological knowledge and his exposure to numerous global sectors and industries, Van

Grieken is well positioned to identify re-usable Digital best in class solutions from other industries. After just about any of his keynotes, business leaders realize they need to pay more attention to the fundamental technology driven changes that are shaping their future business environment, and that it is their responsibility to act swiftly.

Hans van Grieken is also a Fellow at Deloitte's Center for the Edge as well a part-time Executive Lecturer at Nyenrode Business School on the topic of Digital Disruption and Innovation. Since 2009 he serves as a supervisory board member at Priva, world market-leader in greenhouse climate management and process optimization.
