Ritu Mehrish is a woman on a mission to humanise leadership. She provides a refreshing and unique perspective on leadership by talking about the challenges, dilemmas and blocks that leaders go through in their leadership journey.

Her topic 'Leader's Block' (yes, like writer's block!) is very relevant to the leaders today to prepare them for the future. As per her research and interviews with hundreds of leaders across the globe, she found that Leader's Block is one of the top reasons for unproductivity and blip in leadership. But interestingly it's not talked about - in fact it didn't even have a name until now.

For the last 5 years Ritu Mehrish has spoken to thousands of leaders from Fintech, Technology, Retail, Banking, Insurance, FMCG, Realestate, Education Institutes across Asia, Europe, America. She shares the stories of these leaders, who have gone through the challenges and blocks that you are facing, to inspire you and help you find a little bit of yourself in them.

She speaks about its triggers, impact, symptoms and ways to overcome it. By talking about Leader's Block, she enables leaders to recognize, acknowledge, overcome it and build leadershipstaying power.

Ritu Mehrish's talk will help unblock leaders (and their teams) which results in unlocking their full potential, creating greater engagement, enhancing productivity and ultimately building leadership staying-power.

The cost of Leader's Block (millions of dollars) is too huge to be ignored. The productivity gains waiting to be unlocked are too large not to be taken advantage of. Book Ritu Mehrish to inspire your employees to be future ready and build leadership stayingpower. She engages her audience with the perfect blend of head and heart.

She has lived in multiple countries and now lives in Singapore with her husband and two young children.
