Biografie

Matthias Browaeys is the founder of WinWinner, a crowdlending platform that brings entrepreneurs and investors together. WinWinner started as his bachelor thesis during the SME management course at our Artevelde University College, while Matthias has since expanded the company. He is responsible for the daily management and all campaigns that appear on WinWinner. He is also the first point of contact for entrepreneurs looking for financing. In the meantime, he has already raised 30 million euros for growing companies. For investments in large companies, there is his second company, The Harbor. Matthias likes networking and is a welcome speaker at numerous events. With a passion for start-ups and growing SMEs, he tries to bring both his personal and professional network into contact with each other.

Start-up & Finalist Student
entrepreneur of the year
