Biografie

Paul Matthews is one of the leading Learning & Development experts, with three best-selling books to his name. An accomplished keynote speaker, he speaks around the world on a diverse range of topics. He brings L&D to life with stories from his extensive travels that fascinate and inspire. He is known for reducing complex theory down to practical tools and sharing them in a way that everyone can use to get better results. As well as being a sought-after speaker, Paul provides consultancy services, training workshops and webinars for blue-chip clients in the UK and beyond.
