Biografie

Yasmine Mahmoudieh is an Award winning Architect, Interior designer, Tech entrepreneur and Speaker. Recognized as a leading expert in sustainability, Yasmine Mahmoudieh has been awarded multiple times for her unique, holistic approach to design that merges human psychology and cutting-edge technology. She is an ambassador for sustainability for many global organizations and has a vast library of sustainable and recycled materials from all over the world.

Yasmine Mahmoudieh is Founder & CEO of Impact Design Now and myKidsy.

Impact Design Now produces 3D-printed sustainable furniture, utilizing eco- friendly materials and production methods to create stylish and functional collectable pieces and architecture.

MyKidsy is a tech-start up that provides educational services and resources to children. In addition, MyKidsyPlayground, is a multi-sensory sustainable designed playground that can be implemented in various settings. Both were created to teach evolving life skills such as coding, financial literacy, sustainability and mindfulness.

Biography Yasmine Mahmoudieh

Yasmine Mahmoudieh studied art history in Florence, architecture at the l'école d'Ingénieurs de Genève in Switzerland, interior design at the college of Notre Dame in San Francisco and architecture and interior design at UCLA in Los Angeles. A year after she graduated from UCLA (aged 26) she opened her first studio in Los Angeles, and today has her headquarters in London. Her work can be found across Europe, the United States ,into the Middle East and Asia, and even in the skies above, working as one of the few chosen de-signers to work on the Airbus A380.

DESIGN

Yasmine's unique holistic approach to design, which merges from human psychology and cutting-edge technology, has resulted in an acclaimed international show-case of award-winning, one-of-a-kind projects.

Among her achievements you can find:

The in Moscow

The Resort hotel Berchtesgaden in Germani

The in Berlin and in Copenhagen.
The shopping center in Budapest

Other completed projects to date include the Hotel Four Seasons in Hamburg, the headquarters of Aon in Hamburg and the Nikolskie Ryady Crown Plaza in St. Petersburg, a hotel, office and retail complex. Her organic approach fuses modern design and functionality and does not lose sight of the two most important factors: human wants and needs.
